Art Literacy needs volunteers! This is a fun and rewarding opportunity to bring art to the classroom. It only requires a few hours of your time for each lesson. There are six lessons during the school year. We give you the lesson plans and the project materials. The kids love art literacy! Important changes in this year's student directory

Because of a federal law that protects the privacy of student records, the Sexton Mountain PTC was unable to ask parents to fill out a form for this year's student directory.

As requested by the Beaverton School District, a student's directory information will come directly from the district's records about your family and your child. Here's what will be included in the directory:

- Student name
- Home address
- Home phone number
- Parent email
- Parent cell number

The directory will not list or identify students by grade or teacher. Instead, the directory will be an alphabetical listing of our students.

IMPORTANT: In your back-to-school packet, you received a form that allowed you to OPT-OUT of the directory by checking all the boxes (that is, not have ANY information appear). You can also choose not to include specific information in the directory (for example, if you don't want to list your cell phone number).

THIS IS A CHANGE FROM PAST YEARS. This year, if you checked all the boxes, you are OPTING OUT of appearing in the directory. Your child's information will NOT appear in the directory.

If you want to appear in the directory and perhaps checked all the boxes when you were filling out your sea of forms, please contact Dawn at erain@comcast.net. If you don't remember what you marked, send a quick note, and we'll sort it out.
