S.T.E.A.M. Fair is coming up soon – Thursday, April 17!

It's "full steam ahead" for science and art at Sexton Mountain Elementary!

This year the STEM Fair becomes the STEAM Fair and that means Art will be on full display alongside projects involving Science, Technology, Engineering and Mathematics.

The STEAM Fair is coming on April 17th from 5:30-7pm and it will be a great showcase for our students to show what they can do.

This is an opportunity to come together and show our pride in our students and school, so add it to your calendars and start thinking about fun projects that will help your kids learn about the subject they choose AND the process of completing a project.

Parents are more than welcome to help with projects and students can even work together to make it more fun.

A big THANK YOU to our generous donors who support SME!

Please frequent their business and let them know how much we appreciate their commitment to giving back to the communities where they work and live!
